Subject: Corrective Action Plan
Harold Hall Property
Jamestown, North Carolina

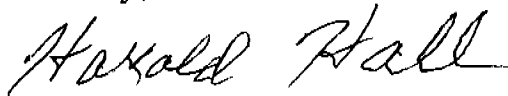

Dear Mr. Cobble:

Geonetics Corporation submitted a Comprehensive Site Assessment on October 4, 1994, for our property in Jamestown, North Carolina. It is our understanding that the Corrective Action Plan is due 60 days after submitting the CSA. In this case the Corrective Action Plan would be due on December 4, 1994. We respectfully request an extension of the deadline for submittal of the Corrective Action Plan until January 15, 1995.

Geonetics is in the process of preparing the Corrective Action Plan. This extension would allow for a more thorough evaluation of remediation options for the contaminated soil and groundwater at our Jamestown property.

If you have any questions concerning this request for an extension, please contact Keith Seramur or Ned Taylor with Geonetics at 704-265-1577.

Sincerely,

Mr. Harold Hall
